Tuition History

I have offered tuition services for just over 2.5 years, and have significant experience in the following areas:

- i. 7/8+: English, Maths
- ii. 11 / 13+: Verbal and Non Verbal reasoning, English
- iii. GCSE level: English, Philosophy
- iv. A Level: English, Philosophy
- v. IB: English, Philosophy
- vi. University: Philosophy
- vii. GDL: all areas

Through my tutoring, I strive to instill my students, not only with confidence in what they learn, but also with the motivation to want to learn. Philosophy as an academic subject has shown me how to communicate any idea eloquently. It has imparted upon me the skill to simplify the most abstract of concepts, both in writing, and in thought. This is a skill I wish to impart on my students: the ability to conceptualise any new knowledge, even the most abstract. This, coupled with my philosophy that consistency and practice are the keys to effective learning, will allow my students to thrive in their chosen areas of study.
